The truth is that jews control the media because they OWN the media! they are the media, so any issue about politics or any world event will be spun in their favor! Just look at how many movies and references to hitler and the nazis we have in the media, there are many many movies about the nazis and not much about the rest of the genocides in the world history. The jews also control the world banks, thus they control the countries that are in debt with the so called "world bank" I am not talking about the jews that are normal citizens that happen to be of that faith, I am talking about the zionists that run the media and the politics of this country and the rest of the world.

You would be amazed at how many branches of Jacob & Isaac's bloodlines there are on this earth. Most aren't known as Jews either. The whole Khazar diatribe of info is also misleading so careful about judging who are real jews and who are not. I see this as a constant issue online.

Masses of people died from starvation due to the US and British extensive bombing of supply lines and when you think of it it was US and British that destroyed most of Europe in WW2 by relentless bombing of civilians and all infrastructures, not the Germans. The Jews want to exact money for being victims but they were only a tiny part of this conflict that many brave people had to face.

'You will know them by their contributions to American politicians'. Israel receives over \$3 billion from American taxpayers every year, with no strings attached, then throws about \$200 million back to the 535 people who make it possible year after year to keep the ball rolling. Then everyone is happy. That is except of the USA taxpayers who haven't been brainwashed by the big corporation controlled media, or religion. Or Americans who realized what a disaster it is to have USA foreign policy controlled by a Zionist lobby agenda that puts the interests of a foreign country ahead of what is best for the USA.

Oh, you mean those same "riches" that were the property of the locals before the jews conned them out of them by usury, fraud, theft, and lying? Kind of like the jews made a movie called "monuments men" where jews supposedly were stripped of their own artwork which were all either EUROPEAN ARTWORK NOT PAINTED BY JEWS AND STATUES NOT MADE BY JEWS? *Jews are penniless con artists who infiltrate a society, infest the political systems of those societies as well as the finance sectors and immediately begin SUCKING THE ECONOMIC BLOOD OF THE PEOPLE. The jews then "purchase" everything from the goyim victims for "pennies on the dollar" and cry when they get caught in their scams and the STOLEN ITEMS ARE RETURNED TO THE RIGHTFUL OWNERS. Jews think they are slick with this shitty horrible scam they perpetuate on peoples throughout history and

that is why they were tossed out of 85 nations over 109 times. JEW SCAM IN NUTSHELL - INFEST ECONOMIC SYSTEM. TAX. ALLOW JEWS TO AVOID LAWS. PUT OTHER JEWS INTO POWER. KEEP OUT LOCALS FROM ALL POSITIONS OF POWER LIKE IN RUSSIA. KILL ALL GOYIM WHO RESIST IF NEED BE. GET RICH. OWN ALL BUSINESSES BECAUSE JEWS DO FAVORS FOR OTHER JEWS WHILE MAKING IT HARD FOR NON-JEWS TO OPEN BUSINESSES. NEPOTISM, CORRUPTION, AND FRAUD ARE THE JEWISH WAY TO DO BUSINESS. Hope and pray you and your tribe don't get discovered. When you do, scream anti-semitism and nazi if need be. Proclaim that it's your "success" that people are jealous of when your possessions are the STOLEN MONEY, ART, AND RESOURCES OF ANOTHER SOCIETY. THE JEW IS THE MODERN DAY COO COO BIRD. NEVER DO A DEAL OR BUSINESS WITH JEWS BECAUSE YOU WILL ALWAYS LOSE. AID TO ISRAEL IS AN EXAMPLE OF JEWISH BUSINESS - AMERICAN TAXPAYERS FORCED TO PAY FOR ISRAEL WHILE POLITICIANS ARE BRIBED WITH AMERICAN MONEY IN ORDER TO SUBJUGATE THE AMERICAN TAXPAYER. With jews, EVERYONE LOSES.

Haj Amin Al-Husseini, close friend Himmler and Hitler knew that the Jews were on a mission to conquer the world through their monetary tools: \$, bankers, central banks who will try to get into every nation in order to own and control a nations money supply. Controlling a nations money supply will destroy a nation because the Jews will latch their dirty little paws onto everything else. Now they own almost evrything: Google, Utube, Facebook, Central Banks, many nations are banks are Jewish owned, they own all U.S. and European Media and they own our governments amd because they own our governments, they own our militaries and do you know who is responsible for the genocide in the Middle East and the invasions in both Afghanistan and Iraq: The Jews who own/control our militaries. Those two nations were invaded by Bush/Cheney, who are Zionist Jew puppets, because Congress denied Bush/Cheney and did not approve them to go into Afghanistan or Iraq. So, the removal of Saddam was illegal. Every war and invasion can be blamed on the central bank and the U.S.A. but you must stop and think! Who owns the Central Bank's and who controls U.S. politics!? The answer is: The dirty fxcking Zionist Jews! and this is annissue because they claim that their people were slaughtered during Hitler's reign, which isn't entirely as true as you believe. Hitler didnthe humane thing, he murdered them for a reason. European and United States are responsible for the decisions that Hitler made, becaus what their MEDIA and the school children textbooks DO NOT tell you, is that European/England and United States military destroyed every last bit of their food cache, supply chains and this is how England/United States starved the Germans and their Jew prisoners--to death! They forgot to put that into their story telling textbooks or reiterate that when they speak about a holocaust. It is more humane to shoot people to death and burn their bodies, then to allow them to starve to death. Before the terror of Europe and the United States begun, Jew prisoners had jobs, were well fed and even played sports! What you will have to remember when reading out of a propaganda pamphlet and that is exactly what your children are consuming in school and even in college, is that propaganda textbooks are written by: JEWS. So, how can you believe anything that they are typing and mass printing into these books? You can't. To blindly believe what a Jew types and thus prints, is plain stupidity. Especially when you take into account that Zionist Jews own almost everything in our world. The Victor are the ones who write/rewrite history. Don't any of you get this??? Anyway, The Jews claim their holocaust yet they are the obes responsible for Middle Eastern atrocities. The Zionist Jews are using many nations militaries to commit genocide throughout the Middle East and then you all wonder WHY Iran wants to wipe Israel off the face of the planet?! For fxcks sake mate! Open your fxcking eyeballs! Is it any wonder why 16 countries have a total ban on Israeli Jews!

A lack of ethics doesn't mean they don't produce. As I already said, of course they seem benevolent. It makes no sense to show what they really want. Historically, terror attacks are not on the innocent but on the rulers and those who are guilty. For example, it was the Archduke of Austria/Hungary who was assassinated by the Serbian terrorist, not ordinary people blown up or shot

down in a street cafe. It is interesting that terrorists attacks attributed to Muslims only fall upon ordinary people, not upon the political elites who oppress the Muslims. In past years on several occasions I have remarked in my columns on the total vulnerability of the neoconservatives to assassination. Yet there has been not a single attack by terrorists on a neocon life, and the neocons are the source of the violence that Washington has unleashed on the Muslim world. The neocons walk around without threat free as birds.

Jews should not be harmed or killed. However, they should not be allowed to have high positions. those who do have high positions should be stripped of their offices and taken down from there jobs of corruption. even if they are converted let them work labor jobs with Fair pay. because they are very prone to hide as so-called converted when in fact they are not. but it's too late for all that now. it may come to the point when I am martyred by them soon or later and when that time comes I pray God to give me the grace of a holy death and that I may love Those Who Kill Me While I pray for them no matter what they do to me and God give me perseverance which is a very singular Grace. then this short life will be over and as we true Christians Reign Over them in this life although it is not seen it was certainly Reign over them in the next in splendor and Glory with Jesus and Mary. with a rod of iron and the scepter of gold

And I am only getting started here. The list of their diabolical crimes just keeps growing year by year and have to be stopped before they send the world into the flames of hell and that is their agenda, to bring humanity down to its knees to worship them. These rotten &%\$#*,,,causing family breakups etc., because they have people eating up this horse shit!! & Why is it so important to them? Why do they have to imprison those who would like to "QUESTION" it, not necessarily deny it. How could a debate on history be against the Law? I would say first of all, 'They' have a weak case, & 2ND, have one 'Hell' of a lot of power!!!!

They want to enslave the rest of the planet. They are too few, cowardly and weak to fight. So they poison our families' and nations' minds. They sink us into degeneracy and evil. Then when weak, they come out the woodwork to finish us off and assert fully jewish hegemony. If we knew what was going on and stood united, their whole plan of secrecy falls apart. That is why they fear, that is why they push to end our free speech.

Hitler aware of Zionist embedded within every European-Gov readily agreed, and from 1933 until 1940-41 shipped German Jews and equivalent wealth as commodities to Palestine. Prince Carlo Odescalchi is one of the highest authorities in Rome and is the head of the Cult of Saturn. The Odescalchi family have princely titles from Northern Italy, Austria and Hungary and connections with the Vatican, Knights of Malta, and Jesuit Order. They also established an influential bank in Genoa. Prince Carlo Odescalchi has authority over the CERN program in Geneva Switzerland which also controls various particle accelerators around the world. Particle accelerators are nuclear technology developed under the Manhattan Project. German scientists worked with American scientists on the Manhattan Project to develop nuclear physics. The particle accelerators are increasing gravitational pressure in the lower atmosphere which is speeding up the rate of time and decay on matter. When they turn up the particle accelerators the air feels denser and it creates more stress on the body. Gravity refers to weight and is like electromagnetic pressure. The particle accelerators function similar to the idea of taking two magnets with opposite polarities and binding them together creating pressure in the middle and then using nuclear power to accelerate their magnetism. There is a binary magnetic device inside of the Black Cube of Mecca. The Black Cube is also a symbol for Saturn. The Odescalchi's Ilok Castle in Croatia has a clock tower. They are like "time wizards" using their particle accelerators to oppress society so they can control the present and then dictate the future. CERN is affecting gravity which has effects on time and this is known as "gravitational time dilation". Saturn is connected with time and gravity. The hexagram or the six pointed star is also a symbol for Saturn the sixth planet. The hexagram is on the flag of Israel and also on the United States one dollar bill. The hexagon is the most efficient geometric shape for processing thermal energy and this is why snowflakes take the shape of six pointed stars through the thermal extraction. Many serpents have hexagonal scales for absorbing the solar rays because they are cold blooded. Zionists are a branch of the Cult of Saturn and they represent oppression and consumption. Witchcraft uses sigils for binding and the hexagram is used like heavy shackles weighing the victim down. It is like squeezing the energy out of a person the same way you squeeze the juice out of an orange. Zionists consider energy as currency and humans as cattle. The Zionist clans were the ancient Horites that invaded Canaan and surrounded the Tribe of Judah. They eventually started speaking Hebrew and these families now claim to be Jews. The Zionist Horites do not represent the majority of today's Jews. Zionists are supremacists just like the Nazis. Saturn is connected with time in

mythology. Hora is the Latin word for hour similar to Horite. Saturn is called Cronos in Greek which is where the word chronology comes from. Chronology means the arrangement of time. Time is money. In Roman Mythology they worshiped the deity known as Janus who is connected with duality, time, transitions, and doorways. There is finance firm called Janus Capital Group with assets estimated at 190 billion. Saturn is also connected with time in the Roman Myth and there was a Cult of Saturn located in Rome with a temple right near Capitoline Hill which stored Rome's gold and silver. The Papacy and Odelscalchi family use gold and silver keys on their coat of arms. Scalchi appears to be etymologically connected to the word scale which is used for measuring the weight of things like gold and silver. Ode means a musical poem. The Odescalchi family have a portion of authority in Hollywood and the entertainment industry and they use entertainment to distract from their oppression. Tom Cruise got married at the Odescalchi castle and he serves this family as a Knight of Malta. Katy Perry covertly serves the House of Odescalchi and she is a wiccan member of the Cult of Saturn. She uses the Eye of Horus symbol in one of her music videos. Horus like the Horites. There is a large Wiccan division that is part of the Cult of Saturn with members like Julia Louis-Dreyfus. Hex in Hexagram means curse and witches curse people. Other members of the Saturn cult include Queen Elizabeth II, King Harald V of Norway, Princess Mary of Denmark, George Walker Bush, Benjamin Netanyahu, and George Soros. There is a large clock in Oslo, Norway. Big Ben is the nickname of the clock tower in London now renamed Elizabeth Tower to honor Queen Elizabeth II. Saturn represents duality, time, (prophecy) oppression (gravity and judgement), and consumption (beast).

The Medici and Bonaparte families run Sephardic Zionism. The Florentine Black Nobility are Sephardic. Napoleon Bonaparte was the first political Zionist who proclaimed for all "Jews" to settle in Jerusalem. The Medici family were one of the most powerful banking families in Europe for centuries. The Medici family produced 3 Popes and 2 Queens of France. The Medici and Bonaparte families are closely related and still working together today. Both of these families still exist. The extremely wealthy Dreyfus family serve the Medici and Bonaparte families as their court factors. Members of these crime families include Prince Ottaviano de Medici, Prince Julian de Medici, Prince Charles Napoleon Bonaparte, and Prince Jean Christophe Napoleon Bonaparte. Prince Jean Christophe worked for Morgan Stanley and Advent International which is a major buy out firm with assets estimated over 30 billion. The Medici family are tax collectors and they are overseeing the IRS through Rome's network of power.

But make no mistake there will be obsene acts of violence to be done against any jew in America. Because it is allread happening in this hemisphere already. But jewish rhetoric and evil propaganda will blowback so hard on their face. that there will not be one person save that has a long nose and and nothing but comtempt for the Christian and Muslim religion. The worst possible doomsday scenario, worse than the scariest science fiction movie imaginable, is in fact a reality here on Earth. Here's why:

Jeesus christ... no pun intended Anyway, it is NOT anti-semitic to criticize the politics of Isreal. It is NOT anti-semitic to be of the oppinion that Israel is conducting genocide. It might be wrong, it might be hurtful, it might be right, it might be just, but it is not anti-semitism. Anti-semitism would be to judge all semites (which include muslims and christians) or at least jews to be in some sort of way inferior, more evil, stupid (etc.) than other people merely based on their heritage, ethnicity, religion and so on. Neither Israel nor it's politics are heritages, they are not ethnicities and they are not religions; Israel is a country and its politics are just that; politics! Jeesus Christ man! Read a book!

prophet muhammed is truth, mentioned in koran: "and we sent iron, and with it a strong energy" (surah al-hadid) ... now read how the earth became: a iron rock hit the earth and the earth splitted into the iron-rock+earths main part and our moon. "and with it a strong energy", we call it magnetism which builds up our magnet shield and binds the atmosphere, so we get a home to live in beside this, the koran mentions the embryo state of humans, the speed of light, the miracles of our universe and the comparision that satan is like "a black hole" and not your lightbringing "friend" ... as you see now, we are not telling it is our truth, we tell it is the truth, believe it or not, ... what does the Koran say in the surah "Humans": "we showed them the true path, if they are thankful or not", ... islam forbids interest on capital, which means you as a hard worker have not to work for the banking system but for your family and yourself

Collectively, the Jews are not guilty of anything except what most all other humans are guilty of, e.g., just normal sins & common nonsense. And it could be argued that the Zionists are not even Jews, per se, they use the suffix of (Zionist) "Jews," because they probably wouldn't want to use "Rulers of earth who are diabolical sinister sadistic warmongering terrorists," etc.. And their claim to Judaism is like Hitler claiming to be Christian, etc.. And they, Zionists, are arguably devil worshipers who don't care about anything except sensual pleasures & trying to gain the most money & things & to be full of feel- good things, etc.. And I believe Zionists are a misnomer, they are not of Zion the Scriptures records, they are either very demonic or they are being evil for some secret reasons that I can only speculate about. And I have had many wonderful Jewish friends & some girlfriends I dated as a young man, & they were just like everyone else, except they don't eat pork, heh. And they were, many of them, just as kind or more kind than Christians I knew / know. And I would be honest to say that the Jews, collectively, they are not Zionists who are looking to kill steal & destroy, etc.. And Zionists, collectively, they are not Jewish, in regards to following the Old Testament laws - like not to kill & all that. And the Zionists might be less than 0.0001% of the amount of Jews, & the Jews are not Zionists anyways, per se. And those few who claim to be Zionist Jews, many are probably subscribing to that to capitalize off it somehow, from the other upper echelon of (d)evils, because they own the Central Banks, I believe. Christ said, There are those who claim to be Jews but are not, they are of the Synagogue of Satan. Right? And I guess that even if the Zionists were indeed believers in the Old Testament, that gives them no more credentials to being Jewish like if a Christian believes in the Old Testament, both might believe the OT, but neither are Jewish. Or if I said I believe in some of the Qur'an, that wouldn't make Me any more Muslim than anyone else who believes things that appear true to them regardless of it's source, yes? And the Jews might be Jews, but that doesn't make them Zionist Jews, right? And the Zionists might be Zionists, but it doesn't make them Jewish. And it is like if there was a terrorist in the presidents office for the Puppet in Chief, if he claimed to be Christian, it would not or should not reflect the rest of the population that are not terrorists, right? And I am pro- Jewish people like everyone or anyone else, & if they are Jewish or Christians or Muslims or Buddhists or Hindus or Sikhs or whatever, it should not reflect the others who are not that person, but they are individuals & are not the "bad apples" of the bunch. And I could care less if Bernie Sanders is Jewish, I voted for him on Super Tuesday, but why? Because I believed what he was saying, for the most part, & I believe he was the best choice of all the candidates running for Puppet in Chief. And in the year 2008, I was profusely advocating for Ron Paul for president, but why? Because I believed he was the best person for the job of running the country. But if Ron Paul was Jewish or Muslim or Buddhist or Hindu or LDS or Jehovah's Witness, it would not matter much difference to Me. And I don't care about any religions like they mean anything other than what someone labels themselves as, & it is known that people lie & someone might say they Christian but are really following something else, maybe sinister dogma. And if a person says they are Muslim, it doesn't mean they are indeed Muslim, e.g., they might be in the Middle East & would potentially die or be excommunicated for not being Muslim, but they may indeed be Christians or anything else, & likewise for anyone who claims something that they are just using it to fit in or gain something from said labels, yes? And I would say that most all Muslims believe in Jesus, as Jesus is a part of their Scriptures, maybe just as much if not more than the Bible as a whole book, the Old & New Testament. Maybe word for word, the Qur'an might mention Jesus more than the Bible, both the OT & NT, yes?- but don't quote Me on that. And religions are foolishness if you don't try to be a better person from the Scriptures. And the whole foolish rhetoric, "you cannot be a Christian & believe in other Scriptures outside of Bible," that would be akin to saying, you cannot believe both sci-fi fantasies & scientific research at the same time, because sci-fi is "fiction," to give an example. And I don't subscribe to any one religion, & I subscribe to all of them in some ways, nothing except being open-minded to learning Truth. And if I were to read something credible from scientists in a recent discovery of say the astrophysics of the extra terrestrial peoples in contiguous Cosmos, I would ponder it & reflect on it if I couldn't know for Myself from proofs, but if I read later in the same article that we need to tax people for producing CO2 gas from their consumptions, I would disagree with the whole Global Warming Swindle they are imposing via pseudo science. And I heard on the radio recently, that about 80% of the greenhouse gases are WATER VAPOR, heh, but that is what I heard, I believe. And it is irrelevant what people say, if it is true it is true, if it is false it is false, albeit, some things are only true to the individuals. And if someone claims to be Christian, it doesn't mean they are living godly lives. And to surmise, Zionists should not reflect Judaism, they are not Jews like the vast majority of intellectually honest Jews trying to

live & let live, in peace. And the Zionists probably have many "Christians" in there too, but they are not anything but trying to do some nefarious or esoteric agendas that shouldn't reflect the rest of the well-intentioned people who don't believe in their nonsense, right? And I believe that Jews are cool, I have met many great wonderful Jews, like any other Faiths, nothing to do with religions at all, people are not their Scriptures they subscribe to, people are individuals, some are always going to try to be good for the sake of God more than others, & some use their religions for ungodly acts. And I don't care about any religions, they are all good in ways & bad in others, I guess, & I follow Spirituality of open mindness to the Truth, regardless of its source of book or religious books. Right? . . . Peace be upon you, George Manuel Oliveira ~PEACE~

I love Adolf Hilter, he was a great man, and Im sorry that our king cyrus the great saved jews from babylonian captivity 2500 years ago, I wish he didnt do that. Oh and one more funny thing, I dont know why no body knows anything about the greatest genocide in the history of mankind. europians killed and displaced almost 100 million native indians when they conquered america, and now they actually think they are civilized people, its so sad and disgusting. and I want to mention that organized relegions are all shit, jewish is the worst shit, christianity and islam are almost the same shit.

Why do you blame Zionist Jews? They are one of the most oppressed minority in the world. They need a home, and Israel is their home. I hope one day, they Palestinians get equal rights in Israel, but there is no denying Jews need a home. And I am a Muslim. I want Arabs and Jews live side by side.

Jews are just like all other people. It's not right to demonize them as some do. If you talk with them, you understand they are just like you, no difference. Does the Israeli government wrong decisions sometimes? Yes, just like all other governments. The only thing they should relax on is getting so defensive in the face of any kind of criticism and calling all who have any kind of criticism of Israel's politics of antisemitism. I think they would win in the long run. I wish them well and hope one day both Palestinians and Israelis get some real peace.

Genocide is just a neologism used by globalists to illicit an emotional reaction from the brainwashed masses. There is no difference between war and genocide. If you kill 6 million Jews with bullets in broad daylight, it's the same result as killing 6 million Jews in gas chambers. The Jews use this as a stick to beat white nationalists with.
